

Indigenous Engagement Policy

We understand that Indigenous job seekers vary in their values, wants and experience.

Local Rental Solutions has strong values found in our tag line, “Built on Safety, Trust and Reliability”. At LRS we believe in inclusion, which is why we strive to create collaborative partnerships with Indigenous communities and their members. We respect the importance of traditions, cultural awareness and environmental best practices as we promote open dialogue to create mutually beneficial economies.

LRS is committed to providing fair and equal access to employment, competitive salary and benefits, professional development and cultural sensitivity training all in support of a positive, safe and productive work environment.

We believe that success is driven by our people who embrace working within a diverse and collaborative culture, a rich culture that makes British Columbia a beautiful place to live.
